

ESTELA DAGUA HOT CLAY 2008
Kichwa Pottery, June 29 – July 5

Participant To Bring List

Basic handbuilding tools. This should include:

- cut-off wire
- needle tool
- fettling knife
- wooden potter's knife
- rib or two
- sponge
- water bucket

Estela hopes to bring up traditional gourd ribs for all the students, and all of the colors and tree sap for coating the pots. Estela plans to work with participants to have them make the brushes needed from their own hair. (Bamboo skewers and some sewing thread to complete the brush-making supplies will be on hand.)

NOTE: The ceramics studio at Idyllwild has a number of these tools on hand.
